TO: FDOT Drainage Designers

FROM: Carlton Spirio, P.E. (State Drainage Engineer)

SUBJECT: FDOT Drainage Design Guide – January 2017

The Drainage Department is pleased to announce the new Drainage Design Guide for the January 2017 scheduled release date. The Drainage Design Guide is a new handbook that combines all nine (9) active drainage handbooks into a single user-friendly document. Content revisions were limited to active-voice language updates for enhanced readability. All other changes were performed to combine the appendices, tables and figures for consistency of this new handbook.
